

Welcome to the Songs of Adaptation Earth Hz website!

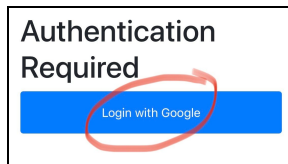

You can listen to recordings from Nepal, Bolivia, and the United States Chesapeake Bay Watershed.

How to Login

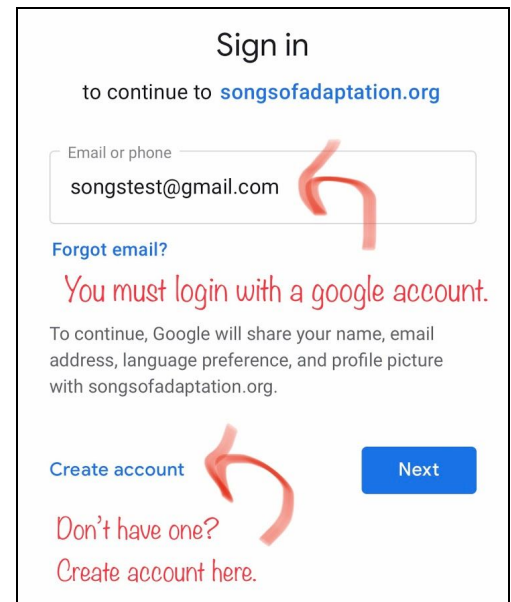

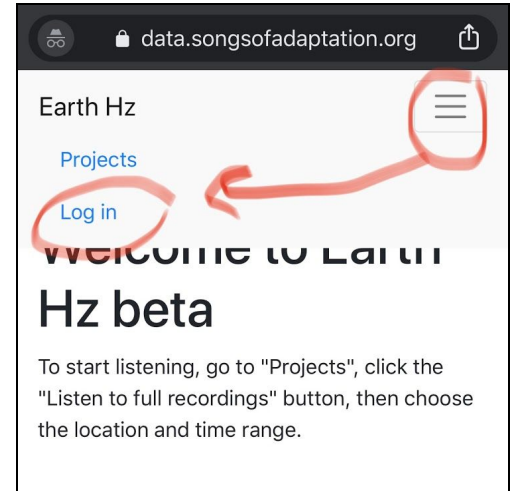

Go to www.data.songsfadaptation.org on a mobile device or computer.

Log in for security

(Here is an image to show you where to click on a mobile phone.)

You must have a gmail or google account to login.
Create account if you do not have one.

How to Start Listening

Go to Projects

Listen to full recordings in:

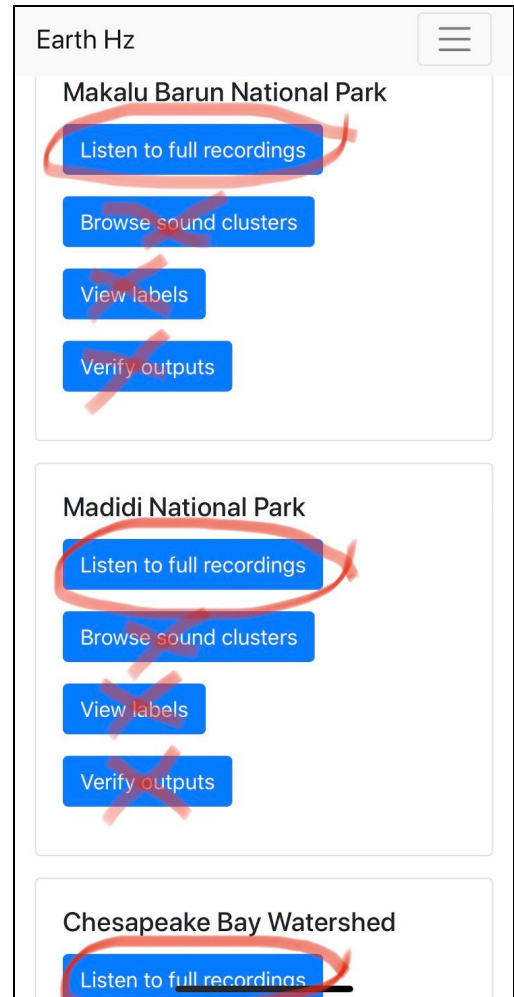

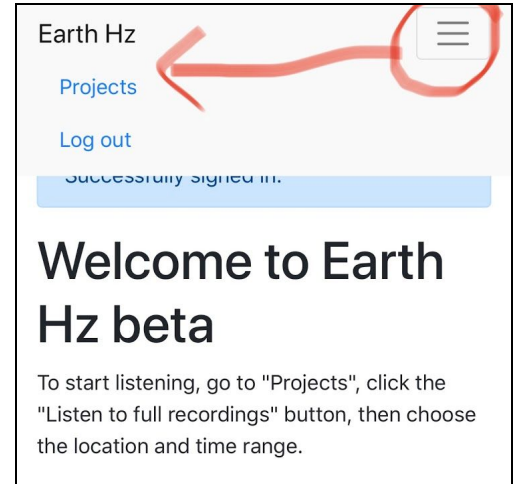

Makalu Barun, Nepal

Madidi National Park, Bolivia

or

Chesapeake Bay Watershed, USA

(Contact ruth.taylor@future.edu if you are interested in getting permission to label recordings and verify results.)

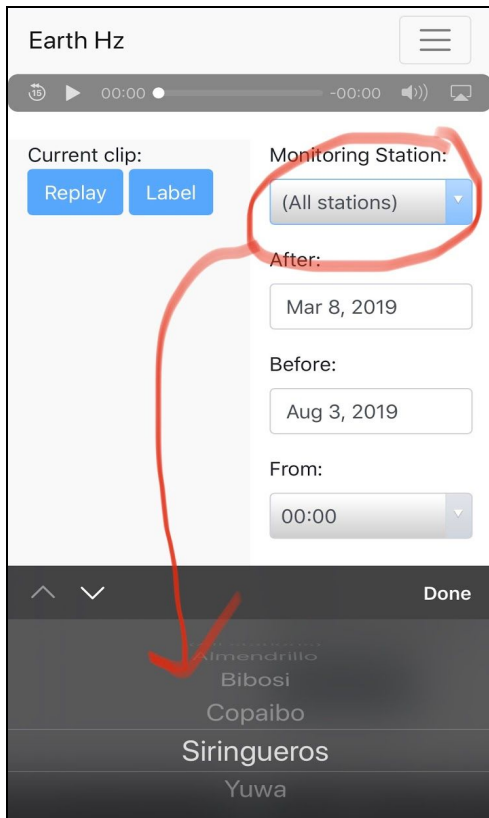

To see a list of all the recordings, scroll down below the Filter Results button.

You may Play file to hear the 5 minute recordings.

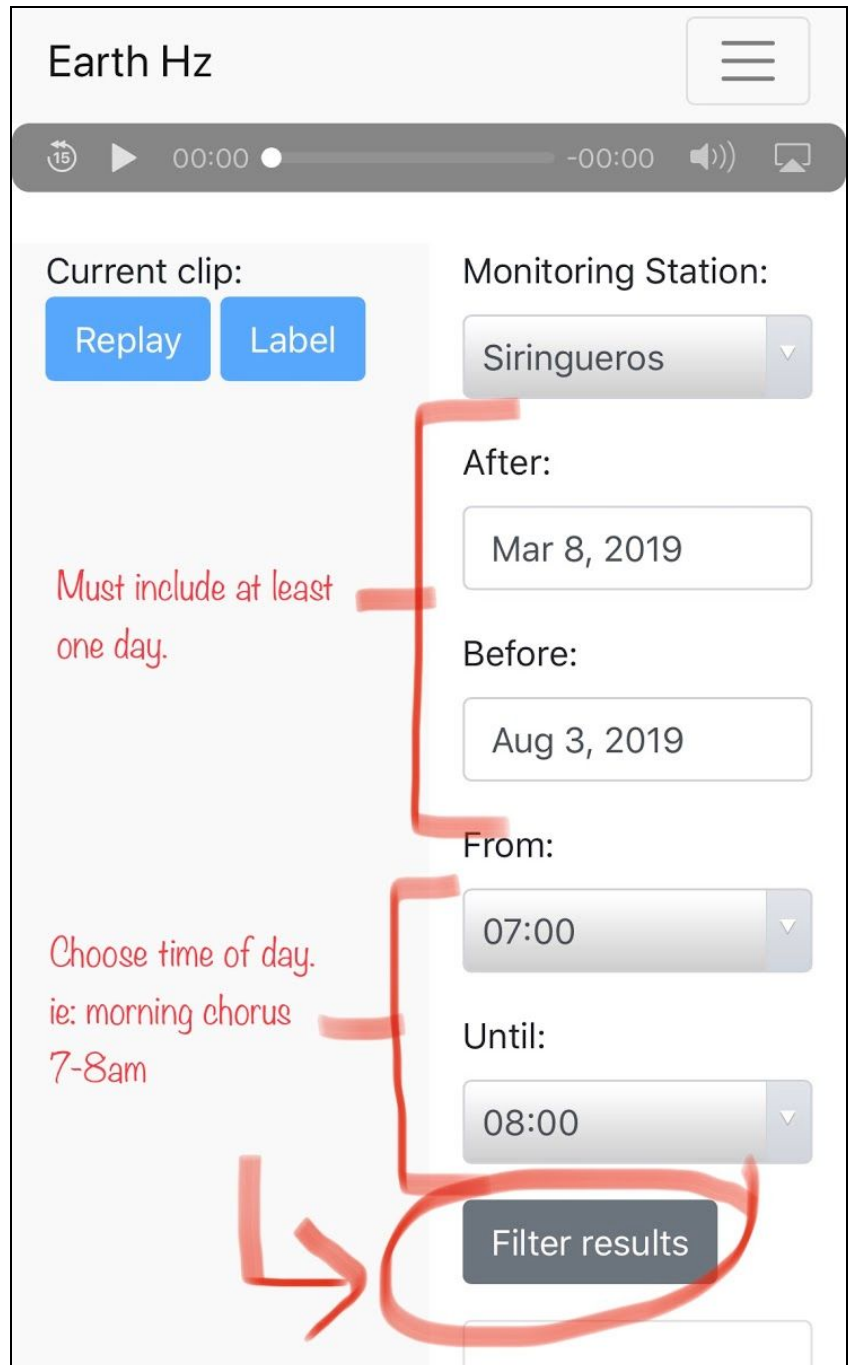

If you want to Filter and find a certain Station, Date Range, or Time:

Choose which station

Choose a Date Range and/or Time. Filter Results.

Happy Listening!

Play file.

Scroll the full list of recordings on the right hand side. Drag the audio bar at the top to move along the 5 minute recording. Watch the spectrogram change every 4 seconds. Listen and study the spectrogram image. Can you identify the bird calls?

Enjoy!

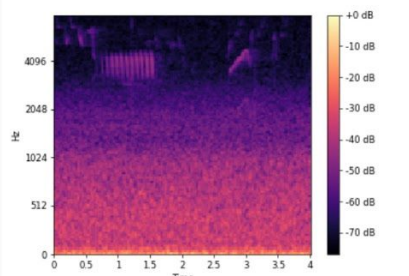

Report any issues here:
